

Bring your group out for a night of fun and fundraising!

How it works:

- Benefits Include: No financial commitment! You create the price up to face value and keep all the profit for your group. No online fees and a fun outing for all; while raising money at the same time!
- Contact the Group Sales Department to discuss which event works best for you.
- You will receive tickets at a special discounted rate and you're able to sell the tickets up to face value and keep the profits for your group!
- Create an order form to track your requests or use the tracker provided in packet.
- After you secure an event, promote it to your group, family, friends, and employees.
- Set a deadline (Suggested time frame is two weeks prior to event)
- Communicate with your Group Sales representative if you need to increase or decrease the number of tickets you have reserved.
- Collect payment from your group and submit payment to your representative for the amount of tickets sold two weeks prior to event date.
- We accept all major credit cards, checks payable to XFINTIY Arena and cash. Please send checks or cash 7+ days in advance of the show.
- Please allow up to 48 hours for ticket processing upon receipt of full payment.

Reminder: We are not in charge of separating tickets based on internal groups; that will be the responsibility of the organization. Put seating location assignment on the order form or use our tracker provided in the packet. In the event a person in your group loses their tickets you can request a reprint for the exact seat locations as need.
